

Job Announcement

Position: Steamfitter
Division: Field Operations
Rate: \$30.412 per hour

FLSA: Non-exempt
Posted: August 20, 2020, 2020
Application Deadline: Until Filled

Summary:

The Pittsburgh Water and Sewer Authority is seeking a candidate for the position of Steamfitter. They will install, maintain, support and repair heating, air conditioning and ventilation systems in all PWSA buildings including new or replacement heating, air conditioning and ventilation systems in new or existing PWSA facilities.

Union:

This position is included in the Pittsburgh Joint Collective Bargaining Committee (PJCBC) and will be filled in accordance with the provisions of the Collective Bargaining Agreement

Duties:

- Install and maintain piping systems, supports, and related materials.
- Test and/or operate hydraulic and pneumatic equipment for heating and cooling systems, as well as other mechanical systems that use piping.
- Repair and replace leaks on piping systems, thermostats, and valves.
- Repair furnaces, boilers, steam, hot water and condensate pipes and associated components.
- Repair refrigeration and air conditioning units of all sizes and capacities and related appurtenances in all PWSA buildings.
- Install new or replacement heating, air conditioning and ventilation systems in new or existing PWSA facilities.
- Perform preventative and corrective maintenance and uses diagnostic tools and equipment associated with system repairs and installation.
- Prepare parts and equipment orders for purchase as requested or required and may confer with vendors.
- Perform work in accordance with established PWSA safety rules, regulations, policies and procedures in accordance with all applicable federal, state, and local regulations.
- May direct the work of laborers and/or other personnel assisting on assigned projects.
- Works with computerized maintenance management tools, maintains records, and prepares accurate reports, such as, but not limited to equipment operation, maintenance records, and work orders.
- Performs activities and functions of related lower-level personnel.
- Other duties as assigned.

Background:

- Applicant must clearly show 4 years of experience as a steamfitter.
- NIULPE license and certification for Boilers preferred.
- High School diploma or equivalent required.
- Extensive knowledge of materials, tools, equipment and the procedure of the Steamfitter's trade with competency at the journeymen's level.
- Knowledge of tools such as, but not limited to measuring, cutting, threading, hand and welding tools.
- Understands the principles of the operation of heating, ventilation, and air conditioning systems, and of the safety hazards and precautions of the work.
- Ability to carry out assignments independently and to follow both oral and written instructions.
- Must be able to read and use sketches and blueprints necessary for job completion.
- Some knowledge of computers and basic computer skills.
- Ability to use and comprehend basic mathematics.
- Ability to use and comprehend the results of diagnostic tools and equipment.
- Establish and maintain effective working relationships with supervisors, associates, outside agencies, and the general public.
- May be required to work shifts and holidays.

General Requirements:

Applicant must have permanent residency in the City of Pittsburgh at time of appointment and remain a permanent resident throughout employment with the PWSA. Verification of City residence is required at time of filing application.
